45-second Electronic skip protection
Electronic skip protection detects shocks automatically and allows music play continuously with 45-second music buffer.

20-hour playback (2 x AA Alkaline batteries)
Powersaving technology extends battery playing time to 20 hours with two regular LR6-size (AA) alkaline batteries.

Digital dynamic bass boost
Enhances bass at low, mid and high volume, to give deep, rich sounds.

Plays CD, CDR and CDRW discs
Ensures that both CD-Recordable and CD-Rewritable discs, made by any CD-Recorder, can be played.

All CD program modes
Let you enjoy various CD program modes (repeat one/ repeat all/ shuffle/ repeat shuffle/ introscan).

Heat resistant body
Unique composite material enables the CD player to withstand very high temperature.

1-Bit D/A converter
Advanced digital conversion technology ensures crystal-clear sound.

Hold
Locks all buttons to prevent interruption of play or change of program settings.

Resume
Bookmark function that ensures the CD starts precisely from the point it was stopped.

Automatic power off
Automatically switches off the CD player at the end of a compact disc.

CD next/ previous
Plays the next or previous track at the touch of a button.
